MONTHLY REPORT OF PERSONS WHO RENDERED UNDER STATUTE REGULATING LEGISLATIVE REPRESENTATION TO BE FILED WITH THE DECLARATIVE AFFIDAVIT WHO IS DESIGNATED AS TO ACT, BY SENATE RULE 9.7 AND A SENATE RULE 12.5 (Governor's Code Sections 9900-9911)

December 22, 1952

Mr. Louis A. Bell, III  
 President, Los Angeles Chamber of Commerce  
 Special Senate Committee on  
 Legislative Representation  
 Room 4035, State Capitol  
 Sacramento 14, California

Dear Mr. Bell:

I have your letter of June 12, 1952, which arrived at my office while I was out of the state on a business trip. I note that you state that the Special Senate Committee on Legislative Representation, in reviewing the records filed by me pursuant to Senate Rule 9.7 and Senate Rule 12.5, has found the following defects and deficiencies in my monthly report:

In the monthly reports for March and April, 1952, I did not state the amount of my salary as Assistant to the President of the Los Angeles Chamber of Commerce. In order that my record may be complete, this is to advise you that \$300.00 of my salary for March and April, 1952, was allocated to the Special Senate Committee, and that \$150.00 of my salary for April, 1952, was allocable to legislative activities. I am sorry that this matter was overlooked at the time the reports were filed, and trust that this information will now complete my record as Legislative Representative for the Los Angeles Chamber of Commerce. I also hereby affirm that I did not engage in activities regulated by Section 9906 of the Government Code during any month for which a report was now filed.

I want to thank you for calling these matters to my attention, and shall appreciate your considering this as application for renewal of my Certificate of Registration as a Legislative Advocate.

Respectfully yours,

Charles P. Bayer

Assistant to the President

 Sacramento 14, California

Dear Mr. Boll:

In filing my original application on January 19, 1951, as a Legislative Auditor, I stated that I was engaged in compensation chargeable to Legislative activities (as twenty-one dollars per day). I assumed that in filing monthly reports it was only necessary to show monies expended by me and from whom received.

Compensation chargeable to Legislative activities was as follows:

|            |                    |           |
|------------|--------------------|-----------|
| March 1951 | 15 days at \$21.00 | \$ 315.00 |
| April 1951 | 21 days at \$21.00 | 441.00    |
| May 1951   | 14 days at \$21.00 | 294.00    |
| June 1951  | 14 days at \$21.00 | 294.00    |
| March 1952 | 6 days at \$21.00  | 126.00    |

I did not engage in any Legislative activities during the months of September, November and December 1951, or January, February, April, May, June, July, August, November or December 1952.

I trust this will clarify the situation as it is only my desire to comply with the law.

Very respectfully,

Joseph P. Gilmore  
 JOSEPH P. GILMORE

Figure 1 is a line graph showing the relationship between the number of days since the start of the study (X-axis) and the number of days since the start of the study (Y-axis). The X-axis ranges from 0 to 10, and the Y-axis ranges from 0 to 10. The graph shows a linear relationship with a slope of 1, indicating that the number of days since the start of the study is equal to the number of days since the start of the study.

1. The first part of the paper is devoted to the study of the properties of the function  $f(x)$  defined by the equation  $f(x) = \int_0^x f(t) dt$ . It is shown that  $f(x)$  is a continuous function and that it satisfies the functional equation  $f(x+y) = f(x) + f(y)$ . The function  $f(x)$  is also shown to be differentiable and its derivative is found to be  $f'(x) = f(x)$ . This implies that  $f(x) = Ce^x$  for some constant  $C$ . The value of  $C$  is determined by the initial condition  $f(0) = 1$ , which gives  $C = 1$ . Therefore, the function  $f(x)$  is the exponential function  $f(x) = e^x$ .

 January 3rd, 1953.

Dear Mr. Bohl:  
 Referring to your letter to me of May 23, 1952, regarding Certificate of Registration as a Legislative Advocate for the coming session of the Legislature:

I have engaged in no activities requested by Section 926 since April of 1951, and I understand, therefore, that no monthly reports since that time are required.

However, I have since then been appointed Legislative Commissioner and will like to have a new Certificate issued to me covering the coming session. I note that it will be necessary for me to re-register and file a new letter of authorization before engaging in any activities regulated by Section 926 of the Government Code.

I expect to be in Sacramento in the near future, at which time I shall attend to this matter, as you advise: In the meantime I am sending you this letter so that it will reach you by January 5th.

You will note that this is a sworn statement by me, as is required.

Very truly yours,

Raymond E. Horn, Legislative Advocate  
 League of County Employees' Associations

1. The first part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as  $\epsilon \rightarrow 0$ . It is shown that the solutions of the system (1) converge to the solutions of the system (2) in the sense of the weak convergence in the space  $L^2(\Omega; \mathbb{R}^n)$ .

Mr. Louis A. Bell, Jr.  
Executive Secretary  
Special Senate Committee  
Legislative Process  
State Capitol  
Sacramento, California

Dear Mr. Bell:

I am replying to your letter of July 19th. You may already know the Special Senate Committee that in due course I was reimbursed for the expenditures listed in my monthly reports filed during the Legislative Session of 1951; and the Legislative Session of 1952. I am unfortunately not reimbursed for these expenditures until some months after they are made, and therefore can list them only as expenditures in my monthly reports.

I am retained as Counsel by the Commission on Legislation and Taxation of the California Bankers Association and that capacity I oppose legislation which in my opinion or in the opinion of the Commission will have an adverse effect on the Association and from reason and independent support legislation which in my opinion will improve the functioning of the banking business. I am not employed specifically to sponsor a bill or oppose a bill. It seems to me that this information, which I have regularly filed with my legislative statement, fully complies with the law.

during the months for which I have not filed a statement I have not been engaged in activities encompassed by the Government Code section to which you refer.

May I humbly and respectfully suggest that those of us who wish to comply with the law would find it much easier to do so if this penal and regulatory statute were drafted in such form that everyone would know what it meant and with some recognition of the realities of political and legislative activity.

If there is any other information you want, please write and let me know

Clerk of the Assembly

Dear Sir:

This statement is filed pursuant to Section 9909b of the Government Code

During the month of December, 1952, I received from the California Bankers Association a monthly retainer of \$833.33, which has heretofore been reported

During said month I made three expenditures of \$25.00 or more which might possibly be said to have been incurred in carrying on my work. I paid \$17.00 to the Fair, Sacramento, and \$8.00 to the Southern Pacific Company in the amount of \$16.00. The "purpose" of said expenditure was to pay for the transportation of my person from San Francisco to Los Angeles. While in Los Angeles I attended to a number of items of business, some of which might be said to relate indirectly to legislation.

I made another expenditure of \$46.98. It was paid to the Southern Pacific Company. The "purpose" was to pay for the transportation of my person from San Francisco to Los Angeles and return. The purpose of this trip was to attend certain meetings of committees of the Legislature and to attend a luncheon and a business luncheon with a member of the legislature, so possibly it could be said to have been made "in carrying on my work".

I also made an expenditure of \$37.55. This expenditure was made to the United Fruit Company for the purpose of transporting my person from San Francisco to Burbank and return.

The total of all expenditures made by me during said month was \$179.21, some indeterminable fractional portion of which could no doubt be said to have been made in connection with my employment as a legislative advocate.

Very truly yours,

Edward D. Lands

Clerk of the Assembly

Sacramento, California

Dear Sir:

This statement is filed pursuant to Section 9808 of the Government Code. I have previously filed statements pursuant to this section with you and the statute apparently requires no additional statement. Nevertheless, I deem it best to file it again.

My name is Edward D. Landels. My business address is 275 Bush Street, San Francisco, California. I am retained by the California Bankers Association.

The address of the California Bankers Association is 806 Mills Building, San Francisco, California.

I "appear or work" in the interest of the California Bankers Association.

The duration of my employment is indefinite.

I am paid a retainer as counsel to the Commission on Legislation and Taxation of the California Bankers Association of \$1250.00 a month.

From said retainer I pay my proportionate share of the expenses of the law firm of which I am a member. I estimate that \$476.94 of said expenses might be said to be properly allocable to work in connection with the above retainer.

In addition to the above I am reimbursed for out-of-pocket expenses.

The expenses included in the above are those occasioned by travel away from the office and other incidental expenses.

There has heretofore been filed with you under the signature of the Executive Manager of the California Bankers

Clerk of the Assembly  
January 24, 1953

Association a written authorization for me to appear in its behalf.

Very truly yours,

Dear Sir:

This is to authorize Mr. Edward D. Landels, whose office is at 275 Bush Street, San Francisco, to represent the California Bankers Association at the 1953 Legislature and to appear on the Association's behalf before Legislative committees.

It would be appreciated very much if you would extend to him the usual courtesies.

Respectfully,

Oscar B. Menninger,  
Executive Manager.

Dear Sir:

This statement is filed pursuant to Section 9906 of the Government Code.

During the month of February I received from the California Bankers Association a retainer of \$1250.00. From this sum the law firm of which I am a member paid its office expenses and a considerable portion of which are chargeable against said retainer.

In addition to the above I received as reimbursement for out-of-pocket expenses the sum of \$167.76. The only expenditure of \$25.00 was for my travel and hotel expenses. This sum covered charges for hotel room, long distance telephone calls, some meals, and a modest amount of beverages.

I have not caused any articles or editorials to be printed in any paper, periodical, magazine or other publication. I am employed to support or oppose legislation affecting banking.

Dear Mr. Post:

I file the following statement pursuant to the third sentence of Section 9906 of the Government Code, having heretofore registered with you pursuant to that section.

During the month of March I received my regular monthly salary and \$100.00 therefor represents to the best of my knowledge and belief, compensation for the performance of the type of work referred to in said section. During the month of March I made no expenditures in carrying out said work for which I am to be reimbursed.

The last report of expenditures which I filed with you covered the month of June, 1951. My duties with the Legislature when that body is not in session have been all except for occasional attendance at hearings on the Interim Committee on Water.

For the entire period July 1, 1951, to March 1, 1952, such expenditures as might be charged to legislative activity were \$160.00, all of miscellaneous nature, and no one item of which exceeded \$25.00.

Sincerely,

Dear Mr. Doli:

This is in reply to your letter of the 11th, in which you list four defects in my monthly reports.

I am very glad to supply you with any information that may be required by your committee.

My official position with the Superior Oil Company as Assistant to the President - requires the major part of my time. As a result, the company considers an annual sum of \$5,000.00 as applicable to legislative work. There are many months through the year that I am not engaged in activities devoted to the legislative work.

For the above reason I have referred to the previous declaration that my legislative salary is \$5,000.00 per annum.

It is true that my expenses - as shown - are always paid to me by my company.

I enclose a report for July, 1951. My records indicate that one was mailed.

Relative to my reports for September, 1951 and January 1952 - I am employed to support or oppose - both petroleum legislation and taxes.

I trust this information will correct my reports to meet the requirements. Thanks.

Very truly yours,

Robert Mueller
